

DON'T BE FOOLED!

Popup messages that show up with a dire issue with your computer which has a link to solve the problem.

The person will ask for "Remote Access" to fix the problem and they will put a key-stroke logger on your machine to copy all log-in information....including your bank accounts.

They are persistent and do NOT want you to get off of the phone.

Average Loss to Tech Support Scams - **\$18,000 LOSS** per victim.

\$200 MILLION was lost in 2022 on Tech Report Losses.
