"the gospel must first be published among all nations"

: for in due season we shall reap, if we faint not.

Isa. 40:31 But they that wait upon the LORD shall renew their strength; they shall mount up with wings they shall run, and not be weary; and they shall walk, and not faint.

Isa. 55:8 For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord.

Dear Brothers and Sisters in Christ,

Thank you all for your prayers and your faithful support for us and the work that our Lord has set before us. We are excited that the doors have been opened up for the use once again to hold our services in the C community center. We are doing our Sunday service there and our Wednesday night ones as well. It is good that folks are more willing to go to a neutral place rather than meeting in homes. Covid sure did not help that, but our Christ! But our God is greater than all things!

We have had one new lady coming with her three kids and she also attends the ladies Bible study group. There have been four different men that are attending as well. A couple of them have also come to our night service. Please pray for the salvation of souls.

It seems the crime in our community has been on the up rise with people that have been murdered. A man was only a few blocks away from pastor Travis house. So we pray for our safety as well here. There seems to be running wild and with things just getting harder in the world we live in the crime will continue to rise.

The last letter I wrote we spoke about going back to our home church for a missions conference. Three missionaries invited and the theme was missionaries on the field that were in their own countries. Satan rise his ugly head on that; one of them could not come due to they could not obtain a visa until the end of 2024, the other one made it from Canada and within a few hours of arriving had to turn right around and go home due to the death of their father. Then we were praying also for brother Anderson because his wife was in hospital just before they were to come. So it ended being only brother Anderson and I. You would have thought that, that was enough only no Covid hit again and many were sick. But for me it was a great joy to feel that, that was enough only no Covid hit again and many were sick. But for me it was a great joy to feel all the brethren and to be able to see and hear brother Anderson. I hadn't seen him since 1996 when I was visiting the churches at Rogers mission conference. But no matter the circumstance we were able to see and I praise the Lord for the special time for me. It is always a blessing to be fed by other men of the Lord.

On a more personal note I have asked for prayer over where we should start another preaching point. We found out that we might be able to rent a place at the golf course in Waikoloa Village. Which is near to our home but they live 2 and a half hours away and it is hard for them to make it very often.

On to another personal note about my health. I have seen a doctor and they are trying to get me to have an MRI on the brain. The outcome of this may change many things for me and Annette. We would all like to have prayers in this too! It seems this past year we have just experienced many hardships for both of us in our lives and I thank Lord for all the prayers that have already gone up. Annette is getting back her strength and I hope to be active and do the things she loves which is to have people over and try to be a blessing to those around us just keeping up with life's living. Which I am also very thankful for God's healing hand upon her.
