We thank the Lord our God for His great faithfulness and for His powerful hand that takes care of this place every day. It is a pleasure to be able to greet you and at the same time to be able to share with you what God is doing in this beautiful place. We thank God for each one of you, and we infinitely appreciate your prayers and faithful financial support. It is a blessing that you are co-laborers in this ministry of the Amazing Grace Children's Home.

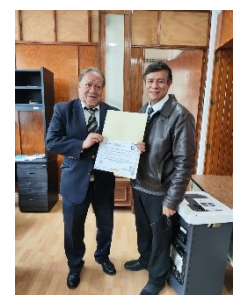

The work has been arduous and the needs increase day by day, but we can see the love of God for each of the children and young people in the home. On March 18, 2024, two little girls arrived with us. They had been abandoned by their father, and their mother, who is an alcoholic, was abusive, so the authorities decided to take them to a safe place. We ask for your prayers for these two precious souls.

The children and young people continue with their academics and art and music courses. They strive to have good grades and give their best effort. We ask for your prayers for the teenagers as they are going through a very difficult stage of life. Pray that God gives each one wisdom so they can make choices that honor the Lord.

It is with great joy I want to share that we were approved by the School of Fine Arts to be a fully accredited music academy and give course credit to the students. We have been approved to continue the program again this August through August of 2027. Please pray with us that God supplies the needs for this wonderful program. We

will have to cover the teachers' payments since they will be coming to the home to teach classes in addition to covering the support materials they need. We will find out what the actual cost will be later this month.

By the grace of God, the children and young people of the home have been invited to give performances at different schools in the State of Mexico, receiving recognition from the government authorities. We have also had the opportunity to share the gospel through music and the testimonies of the teenagers.

Continue praying for José David, and that the treatment he is undergoing will work to dissolve the stone he has in his gallbladder. We know God can do all things.

All the children and young people in the home had a check-up with the Ophthalmologist. God supplied glasses and treatment for the children and young people who needed it.

We took two vehicles for mechanical service. One of the vehicles needed significant repairs involving the coolant system and suspension. Although the repairs were costly, we thank God for supplying the means to accomplish the repairs.

I pray that God continues to bless you. Please continue praying for my mother, for my wife and daughter, for the teachers, for the staff of the Children's Home, and especially for wisdom from God.

May God bless you greatly,  
Omar Rivas, Director  
Amazing Grace Children's Home
