LEADERSHIP LETTER BY STEVE MARTIN, PRESIDENT & CEO

Spring is in the air and hope springs eternal. In spite of what we have all dealt with related to COVID 19 and our February “freeze out,” spring is a time for renewal and newfound optimism.

In John 16:33, Jesus told his disciples, “I have told you these things so that in me you may have peace. In this world you will have trouble. But take heart! I have overcome the world.” It is so comforting through ALL of our trials and tribulations that have occurred since March 2020, that God has seen this coming, and we are getting through it all much stronger than we were before.

In this issue we remember 26 individuals who, during their lifetimes,

gave of their time, energy, and resources to benefit West Texas Rehabilitation Center and the patients we serve each day. Many of these special folks have given to the West Texas Rehabilitation Center's Foundation, which will benefit today's patients as well as patients who have not even been born. Folks like Morris and Lillie Bell Lear, whose kindness will resonate with West Texas Rehab for years to come.

West Texas Rehab has been blessed over the years by our donors and volunteers who help us make great things happen each and every day for our patients. West Texas Rehab can only provide the highest quality care to more than 650 patients every day, because our donors make it possible for us to invest in state-of-the-art equipment, advanced certifications for our clinicians, and regularly-renovated facilities.

Facilities such as the new home for our Hospice of San Angelo programs and services, which will be completed and occupied in May 2021. This \$4.3 million dollar facility will help enhance our hospice and bereavement services.

We could not do what we do each day without our amazing employees and our wonderful volunteers. I hope you will take a moment to read our patient

testimonials reflecting on how they feel about West Texas Rehab and our story featuring volunteer extraordinaire, Liz Bates!

Ultimately, all of these folks come together to provide outstanding care to over 650 patients each day in our facilities in Abilene, San Angelo, and Ozona. Patients who know, that when it comes to the best care available to them, the only CHOICE is West Texas Rehabilitation Center.

Thank you for your continued support, generosity, and kindness. May God bless each and every one of you, your families, our patients, and West Texas Rehab! ★

All our best to you and yours,

On the Cover

Morris E. & Lillie Bell Lear

Several years ago a couple that lived in Brownwood, Texas completed their life journey and left a wonderful blessing to the West Texas Rehabilitation Center in their estate plans.

Morris Edwin Lear was born in Travis county Texas, the second of four children born to C.W. "Walter" Lear and Betty Lee (Jones) Lear. Lillie Bell Reese was born in Austin, Texas to Jim and Ida Reese. Morris and Lillie Bell were married in Lockhart, Texas. Lillie Bell was only nineteen years old and had to convince her mother to permit her to marry Morris. Morris had to borrow the twenty five dollars they needed to get the marriage license and pay the preacher who performed the service. They moved to Crane, Texas where Morris went to work for Gulf Oil Company.

Morris entered service for the U.S. Navy after the attack on Pearl Harbor in December of 1941. He honorably served as a member of the Sea Bees construction corps of the United States Navy during WWII. After the war he worked for Gulf Oil Company in Crane for several more years before becoming

the Sheriff of Crane County Texas for the next twelve years. After leaving office in Crane he and Lillie Bell raised cattle, horses, and hunting dogs on several ranches they bought, worked and then sold in Texas and Oklahoma. The last ranch property they owned was in Zephyr, Texas. Lillie Bell was a fulltime housewife but loved to help "M.E." in working their various ranch endeavors. She would rope and ride and tie calves right beside him from dawn to dusk. Over their lifetimes

Morris and Lillie Bell bought, worked and sold multiple ranches in Texas and Oklahoma.

They sold their last ranch outside Zephyr and moved into Brownwood. They lived a modest and conservative lifestyle all of their lives and invested very wisely. Morris and Lillie Bell never had children of their own but truly loved and wanted to help children whenever possible. They were married for sixty two years.

Mr. and Mrs. Lear had made their estate plans with very specific instructions. They split their bequest evenly between the West Texas Rehabilitation Center and St. Jude Children's Hospital in Memphis, Tennessee. They wanted to be sure their generous bequest was not used for operations or endowment purposes, but instead directed that their gifts be used for capital improvements only and to facilities that would benefit children for many years to come. Their gift allowed West Texas Rehab to remodel the majority of the fifty year old Abilene campus and give a true facelift to the San Angelo Campus.

The Lear's ability to direct their

bequest exactly how they desired, is a great example of how gifts to the Center through your will can accomplish goals that are important to you and make a difference for children and adults for generations to come. ★

Shree Hampton

Congratulations! You are having...

TRIPLETS

Can you even imagine?

For Shree Hampton, this was in fact a reality. When I first met Shree, she was 26 weeks pregnant and 'still in shock' she confessed. Statistics vary, but research suggests that conceiving triplets naturally occurs 1 in every 9,000 births. "I love being a Mom," Shree exclaims. My first born daughter told me she had prayed for three babies, so I guess God heard her. We are blessed. Shocked, but blessed."

Understandably, pregnancy with triplets can lead to complications, so for Shree, her obstetrician knew that the Women's Health Therapy Program at West Texas Rehabilitation Center was vital to keep her on the right track while navigating the unknown. "I started seeing Shree when she was about 10 weeks pregnant," Dr. Megan Cordes, DPT, Women's Health Specialist, comments. "She has severe scoliosis and a very small frame. She sees a high risk pregnancy specialist in Abilene once a month and has regular appointments with her obstetrician here in San Angelo. My physical therapy treatment plan is an extension of the amazing care she is already receiving."

As a women's health specialist, Dr. Cordes specializes in treating conditions related to the pelvis, and can improve quality of life by easing painful, disruptive symptoms. Because

this therapy addresses the pelvic region including the hips, pelvis, and low back, it is no surprise it has wide applications for specific groups of patients- including women who are pregnant or recently had a baby. "We have been really focusing on keeping her moving and reducing her pain," Dr. Cordes exclaims. "Lots of stretching, pool therapy, manual techniques, taping and at home exercises. We added shoe lifts to her tennis shoes to help ease the back pain. As she progresses in her pregnancy we will monitor her symptoms and adjust her treatment plan. I will be here till the end and after if she needs me!" "Megan has been amazing," Shree explains. "My favorite part is our talks. She eases my fears and gives me not only care, but

wonderful advice. I know her treatment is preventing future issues that could arise."

West Texas Rehab is so diverse and blessed to be able to provide the best care with the highest level of expertise and technology. Our women's health program is just another level of commitment we strive to bring to the communities we serve.

Getting to know Shree was a gift. Anyone under these circumstances would have every reason to complain but she is committed, driven and beautifully content. And if you are wondering...the triplets are ALL GIRLS!

UPDATE: Since this letter was written the triplets were born!

J'Lynn, Addiline, and Rain made their way into this world on October 30th, 2020.

Although they spent some extended time at Cook Children's Medical Center in Fort Worth, Shree and the babies are home and doing great!

Dr. Cordes has spoken with Shree and she will soon be in for a follow up "post-pregnancy" assessment. And the triplets can utilize our 0-3 premie program available through Pediatric Services. ★

Brooks, Stephens & Bates Families

Liz Bates

Liz Bates, native to San Angelo, TX, has a longstanding reputation as an active community volunteer, and her service and giving history with the West Texas Rehab Center spans well over 10 years. “West Texas Rehab has always been a favorite of ours! From attending events to donating our time, our family has always enjoyed being included in whatever the Rehab is doing. It is truly an honor to serve this organization!” Liz served on the capital campaign for the Hospice building project. She serves as the chairman for our Dancing with the San Angelo Stars event. She’s an active participant in all of our events. And, in reflection of her servant’s heart, she never wants any credit for all that she does.

When Liz found out we were looking to start a fundraiser in San Angelo to benefit our newly formed relationship with Hospice of San Angelo, she immediately seized the opportunity to implement Dancing with the San Angelo Stars. She reconnected with her old college roommate, Shea Hall, from Texas Tech University, and I guess you could say the rest is history. Shea has previously implemented the event in Abilene and serves as a current West

Texas Rehab board member, and she was able to give Liz all her tips, talents, and secrets to ensure a successful event. After reconnecting, Liz stated, “Just being in her presence gave us the confidence that, ‘yes, we can do this!’ (Thanks Shea, love you!)”.

As we prepare to open the curtain on the 3rd annual Dancing with the San Angelo Stars, we are humbly amazed by the support and the excitement that weaves itself into every corner of this event. From Stars & Pros to vendors & sponsors, we have received nothing but positive support. There are plenty of moving parts that Liz handles seamlessly. The artistry and energy from this group is show stopping! Liz said, “There’s just something so sweet and pure about the way Hospice of San Angelo has touched each one of us, and we all have a story to share. What better way than to pull back that curtain and count it out!”

Anytime Liz puts her mind to something, you know it is going to turn out perfectly, and that is exactly what happened with Dancing with the San

Angelo Stars. She rarely takes no for an answer, but in turn treats everyone with kindness. Steve Martin, West Texas Rehab’s CEO states, “I really feel the commitment Liz has to serving others and the mutual respect that the San Angelo community has for her, have been the winning combination for West Texas Rehab and HOSA!” Liz Bates is a vital part of our organization, and we truly appreciate the time, effort, and energy she gives back to West Texas Rehab. ★

Legacy
 of
 Love

LEGACY of LOVE WALL

West Texas Rehabilitation Center created its Legacy of Love Wall to perpetuate the memory of individuals whose love and generosity during their lifetime had an especially meaningful impact on the organization. On March 27, 1994 at the first Legacy of Love ceremony, 134 names were placed on the memorial wall. Since that time, a ceremony is held in the spring of each year to add names of special Rehab friends who have completed their earthly journey in the past 12 months.

During their lifetime, each honoree found his or her own unique niche to demonstrate an extraordinary commitment to West Texas Rehab's mission. Some were volunteers. Many repeatedly made significant financial contributions to operations and/or capital improvements projects. Many served on the organization's board of directors. Still others were longtime, dedicated employees. Some of these wonderful people served the organization in more than one of those roles.

Regardless of the difference in gifts they individually brought to West Texas Rehab, all of the people whose names appear on the Legacy of Love Wall have three things in common: (1) during their lifetimes, they contributed to the development of a highly respected, visionary organization; (2) they provided love, compassion, and support to patients and staff; (3) they set a standard for excellence in patient care and personal integrity that inspires everyone associated with West Texas Rehabilitation Center to seek ways to add their own amazing Legacy of Love.
