HONORING 23

2019 LEGACY OF LOVE HONOREES

2018 HONORARIUMS & MEMORIALS

ISSUE NO. 6 • MAY, 2019

# LEADERSHIP LETTER BY STEVE MARTIN, PRESIDENT & CEO

You’ve heard us say many times that we provide care the way you would want your mother, father, children and the rest of your family taken care of. What do we mean by this? We strive to provide rehabilitation and hospice services by licensed clinicians at each and every visit. We provide staff with certifications and credentials that set us apart from most of our competitors, and equipment and technology usually found in larger metropolitan areas. We believe if you are being billed for professional services, you should always be seen by a licensed professional.

Our ability to practice in this manner, in today’s healthcare environment, is made possible by our donors and supporters who believe in doing things the *right way* is the *best way* - donors, board members, former employees, and volunteers like the 23 individuals we will honor at our May Legacy of Love events in Abilene and San Angelo. These are folks, now deceased, who left a lasting legacy to the West Texas Rehabilitation Center. Their names will be placed on a wall in our facilities so that all who come after us will know of their commitment to West Texas Rehab and the

Rehab Center’s Foundation. They will join 602 previous honorees who trail blazed the way for the West Texas Rehab Center for the past 65 years!

Speaking of folks who paved the way for the Rehab Center, please take time to read about the first Chairman of the West Texas Rehabilitation Center’s Foundation, John Matthews, who recently celebrated his 100th birthday. John speaks about Shelley Smith’s vision and how a few trustees latched onto that vision in 1966 to establish the Rehab Foundation to ensure all patients will be taken care of regardless of their financial situation. How fortunate we are to be a part of such a terrific organization with an amazing history.

It’s been just over a year since Hospice of San Angelo became part of our organization, and we are excited about our outstanding, trail blazing Medical Directors who have ties to San Angelo and the Concho Valley. We’re privileged to work with them and to have such great relationships with our local hospitals. Hospice of San Angelo remains the only not-for-profit hospice locally, and the difference in the mission, service and focus between our hospice and other for-profit hospices is noticeable, especially when helping a loved one with a terminal illness.

When you read about the ZeroG body weight support system and the Dynavision

attention task recorder system, you’ll understand how our donors help every patient who walks through our doors each day by ensuring the availability of equipment previously not accessible to patients in our region of the state. No matter what your diagnosis or injury, your age or activity level, or whether you have insurance or not, our donors make this equipment and these services available.

It’s up to you to ask your physician for a referral and let them know your choice for rehabilitation and hospice services is West Texas Rehabilitation Center. Last year we saw patients from 157 cities and towns in three states; 897 different physicians confidently referred their patients to the West Texas Rehabilitation Center for rehab and hospice services - so always exercise your right to choose.

I hope you’re having a great spring and looking forward to our warmer summer months. If you’re interested, we’d love to show you around our facilities in Abilene, San Angelo, and Ozona. Just give us a call. We hope you never have to use our services, but take comfort in knowing we are always here for you should the need arise.

Blessings,  
  
 Steve Martin

**CURRENT FOUNDATION PRESIDENT, JOHN BERRY, WITH FIRST FOUNDATION PRESIDENT, MR. MATTHEWS**

Every now and again, you meet someone and think, “I sure wish I had met him or her a lot sooner!” You can’t necessarily put your finger on it, but there’s just something about them. John Matthews from Albany, Texas, is just such a man.

John, 100 years old, is a link to the very beginning of the West Texas Rehabilitation Center. When John looked at some of the pictures of the building when it was first built, he said, “When we started, we didn’t even have a building ... just a room at Bonham Elementary.” That’s how it all began: a young physical therapist named Shelley Smith and some

volunteers grabbing onto an idea, turning that idea into a dream, the dream into a vision, and the vision into one of the most impactful and life-changing organizations in all of West Texas!

John left one of his early marks on The West Texas Rehab in 1966 when Shelley Smith came to him with an idea. “Shelley told Allen Baird and me he wanted to start a foundation,” John said. “He wanted a way to fund the treatment of our patients from then on so we could always treat whoever walked through our doors. He had a vision, and we just got on board!”

For the first 14 years, John served as Chairman of The West Texas Rehab’s Foundation Board of Trustees, the first of only eight individuals who have held that

position. John Matthews gives all the credit to Shelley, but we all know that visionaries like Shelley Smith need men and women to answer the call and make that vision a reality. John Matthews from Albany, Texas, is just such a man!

PATIENT SPOTLIGHT RAMON VASQUEZ

RAMON VASQUEZ  
PICTURED WITH  
ERIN HICKS (L)  
& MALORIE PILAND (R)

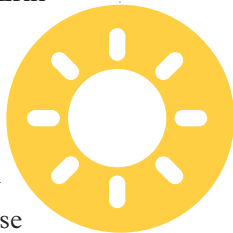

The West Texas Rehabilitation Center has had the opportunity to work with many individuals who have truly touched the lives of our staff. One such individual is Ramon Vasquez. Ramon came to WTRC after losing his right leg in a tractor accident. When asked about the accident, Ramon says, “It was sad for me. I’d say I don’t know what I’m going to do....” That is when he was referred to WTRC for physical therapy and to meet with our prosthetic department.

Malorie Piland, Ramon’s Prosthetist at WTRC, says that he and his wife “had a great mindset that this is what happened to me, but I’m going to walk... I’m ready to go.” With that mindset and his inspiring perseverance, Ramon has reached many of his goals, such as being fitted for a prosthesis and being able to stand and walk

again. Through it all, Ramon has faced each challenge with a smile on his face! When he was first injured, Ramon was disheartened by the idea that he might not be able to have his independence and move around his property. But, because of his hard work, that is not the case. Ramon has had a rewarding, though sometimes challenging, journey working alongside his physical therapist, Erin Hicks. Erin, like all of our clinicians, knows the importance of the right attitude during therapy. “Ramon was amazing to work with because he was so determined and hard working,”

Erin says. “He never questioned me. He just did whatever I asked him to do and made sure he continued to work hard at home in addition to what we did in the clinic. This is why he had such significant improvement ... because he refused to give up!” Erin has been impacted by experiences with patients like Ramon. “When you work with someone for so long and walk with them through this type of journey, you really get to know them and to know their families,” Erin says. “You become friends, you know what is going on in their daily lives, what their fears and struggles are, what goals they are working so hard to achieve. I am so very proud of Ramon for how far he’s come and for not allowing his disability to get the best of him. He truly rose above!”

We are grateful to have the opportunity to work with wonderful patients like Ramon on a daily basis and watch as great things happen here every day!

**{It's About Life}**

Hospice isn't about counting your final days, it's about making each day count.

Terminal illness can be devastating, but hospice is not. Hospice is not about giving up, it is about giving yourself the ability to live in your moments - with loved ones, family, and friends. Hospice of the Big Country provides compassionate care and comfort for both you and your family.

SPONSOR SPOTLIGHT COTTON ROUND-UP

COTTON ROUND-UP:  
AN IDEA THAT STARTED OVER  
A BOX OF DONUTS

“I said there has got to be a way... farmers could donate a bale, and it kind of took off!” said Mitchell Jansa of the Glasscock County Co-op. A seedling idea that started over a box of donuts has raised nearly \$45,000 for West Texas Rehabilitation Center over the last two years!

Started in 2017 by cotton producers in the St. Lawrence and Midkiff area, the Cotton Round-Up is an extension of the 65-year tradition of Round-Up for Rehab. Round-Up for Rehab benefits West Texas Rehabilitation Center, generating funds for services and programs used by patients and their families, regardless of their financial circumstance. “When we do it locally, it

feels like we are putting money right back into our own,” says Jeff Turner, Glasscock County Co-Op Gin Manager.

During its second season, the Cotton Round-Up grew from two participating gin partners to six gins and one grain mill. Participants included Glasscock County Co-Op, Midkiff Farmers Co-Op, Wall Co-Op Gin, Lonestar Farmer’s Co-Op, Top Tier Grain and Feed, Highway 67 Gin, and Coyanosa Co-Op

Gin. Several sponsors, including presenting sponsor Nutrien Ag Solutions, also stepped in to grow the program in 2017. From October 2018 through January 2019, participating partners raised funds

by donating bales, bushels, and cash of any amount. Donations collected were combined and totaled in bales, valued at \$350 each. Gins were given collateral to track and share the number of bales and bushels raised throughout the “friendly” competition. The fundraising campaign culminated in a televised check presentation on behalf of the donors and sponsors at the annual Rehab Telethon in January 2019 at the Abilene Convention Center.

As the Cotton Round-Up continues to grow to include more gins and grain mills each year, we still need you! Our 2019 campaign will begin in May, and West Texas Rehab is always looking for great volunteers and campaign chairs who are giving of their time, talent or treasure and would like to help us grow the campaign into the 2019 season!

HOBC SPOTLIGHT BY DAVID WILLIAMS, DIRECTOR OF DONOR RELATIONS, ABILENE

JOHN & SHIRLEY KEYES

Life rarely goes as we plan. Such is the case with John and Shirley Keyes. They were planning a move from Lake Brownwood to Abilene to live closer to family when John experienced a stroke. They did not let this deter them and with the help of friends and family, they made their move knowing John would receive great care from Abilene health professionals. However, after they arrived in Abilene and settled in, John’s health took a turn for the worse.

This is the story of my uncle, a career-long banker, who for 84 years lived in Texas and enjoyed fishing and flying airplanes. Most importantly, he loved his friends and family with

everything he had. John Keyes joined the West Texas Rehabilitation Center family on February 10, 2018, as a patient admitted for care under Hospice of the Big Country. He had advanced colon cancer, and our family prepared for what we knew would be a long and difficult period.

I enjoyed a very privileged childhood, not because of wealth - at least not wealth as one would commonly think. I was privileged because I had an uncle who made sure that my mother,

a single mom, always had a job and we had everything we needed. She served as his executive assistant at banks in Midland and Brownwood, until she remarried and we moved to Sweetwater. During those years, I would frequently spend weekends and holidays fishing with my aunt and uncle and watching him build airplanes. He loved the TCU Horned Frogs and the Dallas Cowboys; watching games with him was something I always enjoyed.

While John’s last year of life did not afford us the opportunity to enjoy fishing or watching football, he and our family did receive the incredible outpouring of love and support that HOBC provides all those in need of their services. The

nurses, social workers, and volunteers at Hospice of the Big Country helped our family to understand, prepare for, and cope with every step of his journey. My uncle, John Keyes, passed away on

January 22, 2019. His HOBC team carried him to the very end of his journey and even a little beyond. All who cared for my uncle came to see him upon his passing, with some hugging him, some praying over him and others touching his hand and whispering goodbye.

HOBC allowed him the opportunity to live his final days comfortably and with dignity, with his family by his side. What amazed us the most was how they all became part of our family and how much they too grieve with us.

Thank you HOBC for what you did for my entire family, my grieving aunt, and most especially for my uncle, John Keyes.

## ZeroG Gait and Balance System

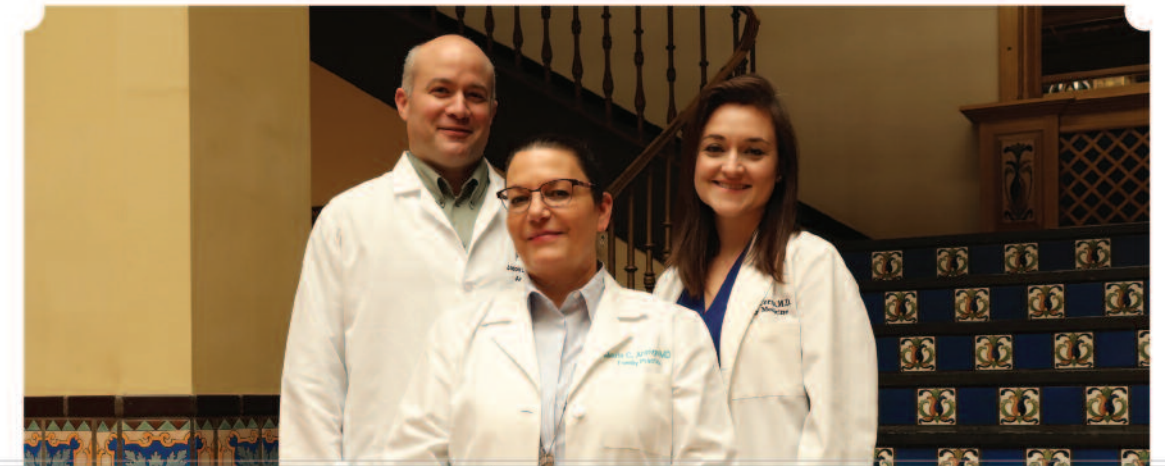

The ZeroG® Gait and Balance System protects patients from falls while providing dynamic body-weight support as patients practice walking, balance tasks, sit-to-stand maneuvers and even stairs. Because ZeroG is mounted to an overhead track, there are no barriers between the patient and therapist. With ZeroG, patients can begin rehabilitation in a safe, controlled environment. We are one of 9 facilities in Texas with this system. The closest being in Fort Worth.

WestTexasRehab.org

## West Texas Rehab's Hospice of San Angelo is excited to welcome their new, local Team of Medical Directors.

Great Providers coming together to help another Great Organization

Dr. Jason Pizzola | Dr. Maria Arango | Dr. Norma Cerna

Dr. Jason Pizzola is a board-certified family practice physician at Shannon Clinic and a member of the medical staff at Shannon Medical Center. He attended medical school at the University of Kansas School of Medicine, Kansas City, Kansas and did his residency at East Tennessee State University in Kingsport, Tennessee. After medical school, Dr. Pizzola was called to active duty with the US Army. He served as a battalion and brigade flight surgeon.

Dr. Maria C. Arango is a board-certified family practice physician at Community Medical Associates and a member of the medical staff at San Angelo Community Medical Center. She attended medical school at the Universidad Autonoma de Nuevo Leon Medical School, Monterrey, N.L. Mexico and did her residency at the University of Texas Rio Grande Valley, McAllen, Texas. Dr. Arango is married to Dr. Dario Arango. They have two sons. One is an anesthesiologist and the other is entering medical school. She is fluent in both English and Spanish.

Dr. Norma Cerna is a board-certified family practice physician at Shannon Clinic and is a member of the medical staff at Shannon Medical Center. She attended medical school at Ross University School of Medicine, Portsmouth, Dominica and did her residency at Scott and White Memorial Hospital in Temple, Texas. Dr. Cerna is from Eagle Pass, Texas and is married to Colby Schneemann, a native of Big Lake, Texas. They have two adorable sons. She is fluent in both English and Spanish.

HOSPICE of SAN ANGELO | 36 E. Twining #1100 | SAN ANGELO, TEXAS 76903 | 325-658-4524 | WestTexasRehab.org

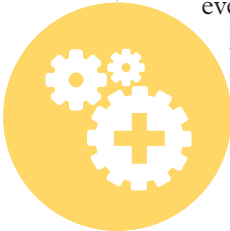

**BRENDA CRAWFORD, LVN**  
**HOSPICE OF THE BIG COUNTRY**

So often, people don’t understand how someone is able to work in hospice care. “I have to tell them what I learned is that hospice care is a calling. You know that you are providing care at the end of life. For me, I know that I didn’t cause the diagnosis and I can’t stop the inevitable, but I can make it so much better in between. And that’s what we are here for.” That’s what Brenda Crawford, a nurse of 46 years, says about her work in hospice. Brenda has been an LVN at West Texas Rehabilitation Center for 18 years.

Brenda was born and grew up in Snyder, Texas. When asked about her career path, she says, “I knew from the very beginning that I wanted to be a nurse.” As a teenager, Brenda worked as a candy striper at Cogdell Memorial Hospital in Snyder. She wore the classic red and white striped bib and spent her time delivering newspapers to patients, getting ice water, making phone calls, and more. She started working as a candy striper as early as was allowed and continued until she turned 18 and could no longer participate in the program. After high school, Brenda married and had a child. When her son was a year old, she went to school to

earn her nursing license through a program at Tarleton State University.

In 1980, Brenda and her family moved to Abilene. Brenda has worked in a variety of settings, such as the hospital, jail, long-term care facilities, home health, and now in hospice. Her first introduction to hospice occurred over 20 years ago and happened to be with Hospice of the Big Country. She was working at a local long-term care facility where one of the residents had a massive stroke and returned on hospice services. “I saw what hospice could do to give a person the best possible journey at the end of life,” she recalls. During her time working with that particular patient, she grew to know the hospice nurses who made daily visits. When a position with Hospice of the Big Country became available, she jumped at the opportunity! Brenda became certified in Hospice and Palliative Care and knew she had found her calling in nursing.

Seven years later, Hospice of the Big Country joined the West Texas Rehabilitation Center family. “What a perfect combination!” she says. “As you walk the halls of WTRC, you see all ages receiving what they need to add quality and fulfilment to their lives. Follow the hall down to Hospice of the Big Country, and you see the same commitment to our patients and families. Being a part of someone’s journey at the end of life is a very rewarding thing. I am grateful to be a part of West Texas Rehabilitation Center’s Hospice of the Big Country.” Great things happen here every day because of people like Brenda!

Why the Rehab?

Throughout our history, we have never turned anyone away due to an inability to pay.

The number of uninsured continues to grow. Who else asks every patient "Are you going to need help in meeting the financial obligations of your treatment?"

We treat patients as people rather than a source of income. "I get treated special at the Rehab."

The history of the Rehab has been to respond to unmet needs.

The center has grown and evolved to meet ever-changing needs; we're forward focused.

We utilize a comprehensive, holistic approach to our services so that care has the greatest positive impact on the family.

We treat more than physical needs as we help people adapt and change their lives for the better. We touch people's souls as well as heal bodies; we make wonderful things happen.

We ease the burdens on patients and their loved ones by helping them reach their potential.

We're the safety net that catches people who fall through the cracks.

If not us, then where do the most needy turn for help?

We are a part of the fabric of West Texas life, as much as beautiful sunsets, hard work, self-sufficiency, stubborn independence, droughts, and neighbor-helping-neighbor.

Sometime you, or someone you know, has needed or will need the Rehab.

LEGACY of LOVE WALL

West Texas Rehabilitation Center created its Legacy of Love Wall to perpetuate the memory of individuals whose love and generosity during their lifetime had an especially meaningful impact on the organization. On March 27, 1994 at the first Legacy of Love ceremony, 134 names were placed on the memorial wall. Since that time, a ceremony is held in the spring of each year to add names of special Rehab friends who have completed their earthly journey in the past 12 months.

During their lifetime, each honoree found his or her own unique niche to demonstrate an extra-ordinary commitment to the Rehab mission. Some were volunteers in the Center or at fund-raising events; many repeatedly made significant financial contributions to operations and/or capital improvements projects; many served on the organization’s board of directors; still others were long-time, dedicated employees. Some of these wonderful people served the organization in more than one of those roles!

Regardless of the difference in gifts they individually brought to the Rehab Center, all of the people whose names appear on the Legacy of Love Wall have three things in common: (1) during their lifetimes, they contributed to the development of a highly respected, visionary organization; (2) they provided love, compassion, and support to patients and staff; (3) and they set a standard for excellence in patient care and personal integrity that inspires everyone associated with West Texas Rehabilitation Center to seek ways to add their own amazing Legacy of Love.

Thank You.

For those who gave  
throughout 2018, thank you  
so much for your kindness,  
generosity, and support of  
West Texas Rehab and our  
patients. Thank you for  
remembering and honoring  
these amazing folks!  
We are so blessed by  
your friendship.
