Now accepting new patients

## LEADERSHIP letter BY STEVE MARTIN, PRESIDENT & CEO

Just this week, I spent a couple of days at our family ranch just north of Robert Lee. My mother-in-law and father-in-law purchased the ranch 18 years ago, and over the years it has become one of our favorite places to be. It is during this time of the year, when fawns are being born, birds are everywhere, and the green of spring is appearing all around us, that I truly realize the power of our Lord and Savior and the miracles of life and His creation.

I also have the privilege of witnessing miracles as I walk up and down the hallways and see the care being provided to over 680 patients in our facilities in Abilene, San Angelo, and Ozona.

our Rehab family who helped make great things happen for all who walked through the doors of our amazing facilities. Folks who lived their lives, “Not as I will, but as You will” (Matthew 26:39), and who made miracles happen for others each and every day.

Thank you for all you do to continue to support this amazing organization! May God continue to bless West Texas Rehab, you and your families, our communities, the great State of Texas, and may God bless America!

All our best to you and yours,

Ironically, we get to witness the miracle of life as many of our friends and family complete their “earthly” journey and get to move home to our Father, and do so with the services of our hospice programs. As you read about our hospice volunteers in this issue, understand the impact they have on so many families as they and our amazing nurses, social workers, chaplains, and aides walk hand-in-hand through the dying, grieving, and recovery process with the families served by Hospice of the Big Country and Hospice of San Angelo. Hospice done right is truly a celebration of the miracle of life.

In this issue, we will also recognize individuals who dedicated their lives to supporting their families, their communities, and West Texas Rehabilitation Center. Throughout these pages, you will see honorariums and memorials to folks who mean and meant the world to so many and who gave support to the mission of West Texas Rehab.

This month we will celebrate the lives of 15 individuals who were part of

## FOUNDATION spotlight

BY CHUCK RODGERS, VP DEVELOPMENT, WTRC FOUNDATION

# I NEVER knew that!

That's the statement I've heard over and over as I visit with friends about the impact of estate planning.

#### Impact on:

- their finances NOW, not just after their passing
- their tax burden, or the tax burden they'll leave a loved one
- their family members as they navigate a poorly planned estate the amount they pay, or maybe more importantly don't pay, the IRS, and of course...
- their legacy - what they will be remembered for by their family and friends

I've learned over these past four years there are a multitude of tools which exist solely to take care of your and my estate in ways that blow the minds of most of us. It's true. Everything from saving on gift and capital gains taxes, to making a transformational gift in your will, a bequest, to a charity you love, all come from sitting down with a competent

financial planner and/or an attorney who specializes in estate planning. They can help you discover if a trust could possibly help, and then guide you through the legal requirements of the trust; or maybe it's the assignment of an insurance policy as a bequest to a charity, or maybe to establish a Donor Advised Fund (DAF); or the setting up of a Charitable Gift Annuity (CGA) in

order to increase your income from the sale of some non-income producing asset; or the use of one's Required Minimum Distribution (RMD) from an IRA to make a charitable contribution instead of using income you've already paid taxes on, called a QCD, or Qualified Charitable Distribution. I could go on and on, but the fact remains: you and

I need someone to help us navigate these waters!

So, you may wonder where we come in? I'm glad I asked that question! Jason, Chad and I are obviously biased when it comes to the charity we would love for you to help. HOWEVER, we also care deeply about the relationships we have with our donors, which allows us to listen intently, knowing full-well that in the end the decision might be made to support one of the other worthy charities in our community. The fact is this: no one charity does everything, but

our community needs everything. That doesn't change the reality that this place does a lot, and it's our donors—you—that enable us to keep doing it!

West Texas Rehabilitation Center is helping change the trajectory of lives every day, and has been for 69 years, with therapies for children and adults including: speech, physical therapy, occupational therapy, audiology, orthotics & prosthetics, hospice and employer services! We're passionate about our mission of improving the quality of life of those we serve regardless of financial circumstance, enabling patients to receive the best possible care no matter what their insurance company or pocket book says! I'm proud to be a part of this community, for sure. But, I am equally proud to be a part of West Texas Rehab, and can't wait to share more about this place with everyone I meet!

Please give us a call, or better yet, come by and see all that goes on here. Then we can sit down and have a chat about how you want to be remembered.

I think - no, I know - you'll be as impressed as I am with this place, and when it's all said and done, will no longer be able to say... *I never knew that!*

## WE MAKE REAL ESTATE HAPPEN

Ekdahl Nelson makes real estate happen. We provide world class service by living out our company's core values. We thrive on providing the extra service that others will not. We work harder to understand your desires and get the deal closed.

## PATIENT spotlight

This is Sam.

Sam has traveled up and down the basketball court for 33 years...and as a result, needed to have knee surgery.

He chose West Texas Rehab for his rehabilitation.

*"This is state of the art equipment, state of the art therapists, and there's not a better facility- no matter what kind of check you can write for the treatment.*

*There's going to be some days where you hit the wall. There's going to be some days where you aren't at your best, we need someone to push us with love..."*

and that place is called

WEST TEXAS REHABILITATION CENTER  
**Challenge accepted.**

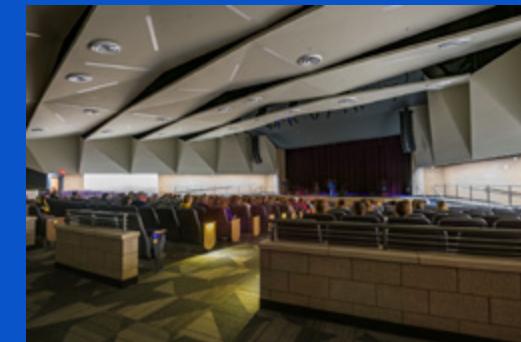

**WestTexasRehab.org**

SCAN ME

To watch a video on Sam, or to learn more about our services, incredible staff, and/or facilities, please open your camera and scan the QR code. Thanks!

Wylie High School Performing Arts Center

RHS Construction Services focuses on commercial construction including new construction and remodels.

RHS specializes in metal stud framing, drywall, batt insulation, acoustical ceilings, tape, bed, paint, concrete and interior demo.

Call us today for your commercial construction needs.

**325-455-0522**

Hiring RHS was the absolute best decision we made throughout our entire renovation project. Michael and his team delivered an incredible building for Radiant Life Church and they handled themselves with complete integrity along the way. I highly recommend RHS for all your construction needs!!

KEVIN PETERS  
RADIANT LIFE CHURCH, PASTOR

Bonham Elementary Construction

RHS Steel Constructors focuses on metal building and structural steel erection.

We specialize in commercial but can take care of your residential needs as well.

Call us today for your metal building and structural steel needs.

## VOLUNTEER spotlight

BY SUZANNE CLICK, DIRECTOR OF MARKETING

### Hospice Volunteers *Compassion is Their Calling*

Volunteers play a vital role in our mission at West Texas Rehabilitation Center to care for our hospice patients. Even though there is no direct physical care, volunteers support professional caregivers with spiritual and emotional support to the patients and family, bereavement services, supportive roles such as office work, staffing special events and public relations.

The value of a hospice volunteer can not be overstated. The relationship between a volunteer and a patient/caregiver provides a feeling of normality. Volunteers often connect with patients/caregivers on a deep personal level, which provides the hospice care team with valuable insights concerning the overall impact on the level of comfort and care that is provided.

In other words...*volunteers are the HEART of hospice.*

One of the unique features of hospice care is the requirement that community volunteers must provide a minimum of 5 percent of total patient care hours. This was written in 1982 when hospice care became a Medicare benefit signed by President Ronald Reagan. The reasoning was that volunteers would offer unique care and a point of view that the family or the professional healthcare team would not be able to provide. Today, each and every Medicare-certified hospice trains volunteers to provide 5 percent of the patient care hours. It is special to note that hospice was originally started by volunteers years ago, so the requirement

of volunteer hours honors the history of volunteers in hospice care.

A comprehensive training course is designed to help you understand the philosophy of hospice, caring for the terminally ill, grief and loss, as well as understanding the needs of the family. During training, the areas of volunteering are discussed and, along with the volunteer coordinator, matching those areas of interests, talents and strengths of the volunteer. The course is very involved and is offered throughout the year.

Volunteers are needed in all the counties covered by West Texas Rehab's Hospice of San Angelo and Hospice of the Big Country.

Compassion is the calling of our hospice volunteers. Whether you run an errand, make a phone call, read a book or play a board game, bake cookies, or simply hold a hand to offer friendship and comfort, hospice volunteers make a difference!

### **What difference do you want to make? What is your calling?**

For more information about volunteering for hospice services contact our volunteer coordinators.

### **Special Events Where Hospice Volunteers are Needed**

We Honor Veterans Program  
(Hospice of the Big Country, & coming soon to Hospice of San Angelo)

The goal of this program is simple - to care for and honor those who have served when they reach the end of life. Partnering with the National Hospice and Palliative Care Organization and the Department of Veterans Affairs, this program recognizes the unique needs of American Veterans and their families and is focused and committed to providing end-of-life care with respect and dignity through education, compassionate listening, and grateful acknowledgement.

### **Building Bridges (Hospice of San Angelo)**

Volunteers who have a special love for children and a desire to help a child's grieving heart are encouraged to consider becoming a Building Bridges volunteer. Training classes are offered to teach grief theory, developmental aspects of loss as well as techniques to be used in small groups. Applications are accepted at any time and the 20 hour training is offered in the early fall. Volunteers are essential as they are the cornerstone of the Building Bridges program.

### **Pet Therapy**

(Hospice of the Big Country & coming soon to Hospice of San Angelo)

Pet therapy in hospice settings provides a natural bond between humans and animals which brings joy, comfort, peace and soothing companionship to those in their end of life journey. We encourage anyone interested in volunteering in this capacity to reach out and learn more.

# LEGACY of LOVE wall

est. **March 27 1994**

LEGACY of LOVE WALL

West Texas Rehabilitation Center created its Legacy of Love Wall to perpetuate the memory of individuals whose love and generosity during their lifetime had an especially meaningful impact on the organization. On March 27, 1994 at the first Legacy of Love ceremony, 134 names were placed on the memorial wall. Since that time, a ceremony is held in the spring of each year to add names of special Rehab friends who have completed their earthly journey in the past 12 months.

During their lifetime, each honoree found his or her own unique niche to demonstrate an extraordinary commitment to West Texas Rehab's mission. Some were volunteers. Many repeatedly made significant financial contributions to operations and/or capital improvements projects. Many served on the organization's board of directors. Still others were longtime, dedicated employees. Some of these wonderful people served the organization in more than one of those roles.

Regardless of the difference in gifts they individually brought to West Texas Rehab, all of the people whose names appear on the Legacy of Love Wall have three things in common: (1) during their lifetimes, they contributed to the development of a highly respected, visionary organization; (2) they provided love, compassion, and support to patients and staff; (3) they set a standard for excellence in patient care and personal integrity that inspires everyone associated with West Texas Rehabilitation Center to seek ways to add their own amazing Legacy of Love.

# Thank You.

For those who gave throughout 2021, thank you so much for your kindness, generosity, and support of West Texas Rehab and our patients.

Thank you for remembering and honoring these amazing folks.

We are blessed by your friendship.
