The purpose of the Building Bridges program is to provide a unique support group for children who have experienced loss through the death of someone significant in their lives. During this program, children in grades K-12 will be given the opportunity to (1) recognize and express their feelings, (2) build self-esteem through validation, (3) receive guidance as they adapt to the changes in their families, and (4) develop skills in dealing with loss that they may utilize throughout life.

Running concurrently with each children’s session is an adult group created uniquely for parents and caregivers. This group is designed to help parents and caregivers have a better understanding of the changes going on with their children.

Referrals to this program may be made through school counselors, ministers, or by simply calling the Hospice of San Angelo office.

THE PARENT CONSENT FORM SHOULD BE SIGNED AND RETURNED TO THE HOSPICE OF SAN ANGELO OFFICE PRIOR TO January 28th FOR THE SPRING 2019 SESSION.

There are a limited number of spaces available, so we recommend you sign up as soon as possible. You may list more than one child on the same consent form.

Hospice of San Angelo offers a program designed to address the special needs of children who have lost, through death, someone important in their lives. This program consists of six one-hour sessions. Children will be given the opportunity to recognize and express their feelings and receive guidance as they are adjusting to the changes in their lives and in their families. Building Bridges is a grief support group, not professional therapy. The sessions are conducted by trained Building Bridges Volunteers.

At the close of the six sessions, a brief evaluation will be sent to the referring party and the school counselor. In the interest of the child, I give permission to discuss our situation with a professional counselor. I understand that there will be an Adult Group meeting at the same time, and that an adult must remain on-site for the duration of the child’s session each week.
